

# Basic Data Analysis

Stephen Turnbull

Business Administration and Public Policy

Homework 3: Due May 26, 2011

## Requirements

Homework assignment on averages and probabilities.

The due date has been extended due to problems finding the homework on the home page.

## Homework 3: due May 26 (was 19), 11:45am

**Due 2011-05-26, 11:45 am.**

Submit by email to `data-hw@turnbull.sk.tsukuba.ac.jp`. Your header should look like this:

```
From: a-student@sk.tsukuba.ac.jp
To: data-hw@turnbull.sk.tsukuba.ac.jp
Subject: Basic Data Analysis HW#3
```

The subject should be all half-width Roman letters (ASCII).

If you have questions or need help, or want to make an appointment, write to `data-help@turnbull.sk.tsukuba.ac.jp`. I read mail to that address much more often than the homework mail.

**Problems from the text, Ch. 4, Exercise Set A, p. 60**

Do problems 2, 3, 4, 5, and 6.

Then *explain what you have learned about averages.*

**Problems from the text, Ch. 13, Review Exercises, p. 234**
